IDENTIFIERS	*Elementary Secondary Schools Civil Rights Survey

ABSTRACT

This report constitutes volume one of a two-volume report containing State summaries of data from the Fall of 1980 Elementary and Secondary Schools Civil Rights Survey of students enrolled in the United States public schools. Table A presents state projections of survey data on rates of enrollment, disciplinary measures imposed, participation in special and bilingual education programs, and high school graduation by students' sex, ethnic group, and disabilities; information on the number of children receiving special education services in and out of school districts and on facilities for the handicapped in school districts; data on student participation in mixed and single-sex school programs; and enrollment figures for various special education programs and the amount of time spent in each. Table B includes the actual survey data on which the Table A projections were based, classroom data by subject, and additional information on programs for pregnant students. Information is presented in separate tables for each of the States. (Author/MJL)

TAB H: 1980 Elementary and Secondary School Civil Rights Survey Forms (AS/CR 101-102)

I. Introduction

The Fall 1980 Elementary and Secondary Schools Civil Rights Survey was conducted to obtain data on the characteristics of students enrolled in public schools throughout the nation. The information is required by the Office for Civil Rights (OCR) to fulfill its responsibilities under Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973. The survey instrument was comprised of two forms: an AS/CR 101 form administered to approximately 5,000 school districts and an AS/CR 102 form administered to approximately 51,000 individual schools. Copies of the forms are presented in Tab H.

The purpose of this report is to present state summaries of the data collected. A similar report, presenting a national summary is also available. This report contains seven tables presented in Tabs A-G. The remainder of this section describes these tables.

Every effort has been made to analyze and present survey data in a useful manner. If there are questions regarding this report or, if there are comments which might be helpful for future reports, please contact the ED/OCR Surveys and Analysis Branch.

II. State Summaries of Survey Data

Throughout the tables which follow, survey data is summarized by OCR client populations, which include:

- AM IND: American Indian or Alaskan Native
- ASIAN: Asian or Pacific Islander
- HISP: Hispanic
- BLACK: Black, not of Hispanic origin
- MINORITY: Total of above four categories
- WHITE: White, not of Hispanic origin
- TOTAL: Total of racial/ethnic categories
- MALE
- FEMALE
- HAND: Handicapped
- LEP: Limited English Proficiency (Pupils in need of bilingual education)

Definitions of these client populations are given on the survey forms (Tab H).

The file from which the tables were generated contains the most accurate data obtainable from the districts. However, districts often submitted incomplete, inaccurate, or inconsistent data. Despite a major effort to secure, from the districts, additional information and/or corrections, some errors remain. In particular, many districts reported totals which did not agree with computed totals by race/ethnicity and/or sex. Throughout the following tables, computed totals, rather than reported totals, are presented. This leads to an inconsistency in tables which present data by both race/ethnicity and sex. In these tables, the total is the computed sum of the data by race/ethnicity and

may not reflect the total by sex.

Tab A, a sample of which is given in Exhibit A, presents a summary of the survey data statistically projected to each state . The state name and the projected number of districts and schools is presented first followed by a matrix displaying participation in various programs/activities by the OCR client populations. The rows of the matrix display twelve major programs/activities:

- ENROLLMENT: Pupils in membership on or about October 1, 1980 (AS/CR 102, Item 5a). Enrollment of LEP students is a count of pupils in need of bilingual education (AS/CR 102, Item 7b1).

- EXPULSIONS: Pupils expelled during the 1979-1980 school year (AS/CR 101, Item 7b)

- SUSPENSIONS: Pupils suspended during the 1979-1980 school year (AS/CR 102, Item 5c)

- CORP PUNISHMENT: Pupils who received corporal punishment during the 1979-1980 school year (AS/CR 102, Item 5d)

- GIFTED/TALENTED: Pupils enrolled in programs for the gifted/talented (As/CR 102, Item 5c)

- EMR: Pupils enrolled in programs for the educable mentally retarded (AS/CR 102, Item 8a)

- TMR: Pupils enrolled in programs for the trainable mentally retarded (AS/CR 102, Item 8b)

- SPEECH IMPAIR: Pupils enrolled in programs for the speech impaired (AS/CR 102, Item 8e)

- SER EMOT DIST: Pupils enrolled in programs for the seriously emotionally disturbed (AS/CR 102, Item 8g)

- SPEC LEARN DIS: Pupils enrolled in programs for the specific learning disabled (As/CR 102, Item 8j)

- BILINGUAL: Pupils enrolled in a bilingual program, High-Intensity Language Training, an English-as-a-Second-Language program, or any non-language class taugnt in a language other than Englisn (AS/CR 102, Item 5b2)

- Graduates: Pupils who received a regular high school diploma during the 1979-1980 school year (AS/CR 102, Item 11).

* A discussion of the sampling methodology will be included in the Fall 1980 Elementary and Secondary Schools Civil Rights Survey File Documentation.

TOTAL	40757	948432	*****	345238	847.1	337618	828.4

For each program/activity up to three lines of data appear:

- NUMBER: Number of pupils

- PERCENT: Number of pupils expressed as a percentage of the total column

- PARTICIPATION RATE: Number of pupils expressed as a ratio per 1000 pupils enrolled. For example, a participation rate of 1.2 for whites expelled means that for every 1000 whites enrolled 1.2 were expelled (269 divided by 216,523 times 1000).

N/A appears where data was not collected (ex., LEP pupils expelled) or where data is redundant (LEP pupils in bilingual programs).

The next group of information relates to special education and includes six data items:

- CHILDREN REQUIRING SPECIAL ED: Children identified as requiring special education (AS/CR 101, Item 5a1)

- CHILDREN RECEIVING SPECIAL ED: Children participating in special education programs offered within the district or elsewhere (AS/CR 101, Item 5a2)

- CHILDREN ATTENDING ELSEWHERE: Of the children receiving special education, those who participate full-time in education programs not operated by the school district (AS/CR 101, Item 5a3)

- CHILDREN NOT EVALUATED: Children who have been referred for evaluation to determine if they require special education but who have not yet been evaluated (AS/CR 101, Item 5b1)

- CHILDREN NOT RECEIVING SERVICES: Children who were being evaluated or had been identified as requiring special education and who were receiving no education services either in school or through home-bound instruction for more than 10 school days.

Beside the special education data is information relating to accommodations for pupils in wheelchairs. The first three data elements are a count of schools which have:

- Accessible entrances
- Accessible restrooms
- Accessible science labs

The next four data items are counts of:

- Pupils in wheelchairs
- Accessible regular classrooms/teacher stations
- Total regular classroom/teacher stations currently in use

The next data matrix displays enrollment by sex in single-sex classes and mixed classes for the following subjects:

- Home Economics (AS/CR 102, Item 9.a)
- Industrial Arts (AS/CR 102, Item 9.b)
- Physical Education (AS/CR 102, Item 9.c).

A similar matrix appears to the right showing number of athletic teams and participation by sex on all male, all female, and mixed teams. Athletic data is taken from AS/CR Form 102, Item 10.

The final matrix displays enrollment in special education programs by the amount of time (excluding lunch and recess) spent in all special education programs. Percentages are based on the total enrollment in each program. Data was taken from the AS/CR 102 form, Item 8.

Tab B is similar to Tab A. Unlike Tab A, however, Tab B and all subsequent tables are based on actual data submitted rather than statistical projections. A sample page from Tab B is given in Exhibit B. In addition, Tab B presents two categories of data not included on Tab A.

First is a series of data items relating to pregnant students. The data displays the number of districts responding "YES" to the following questions:

- RESTRICTIVE POLICY FOR PREGNANT STUDENTS: Does the school system have any policy or practice that restricts pupils' participation in any education program or activity during pregnancy or subsequent to childbirth? (AS/CR 101, Item 6a)
- MEDICAL CERT ONLY: If the answer to the first question is YES, does the restriction apply only to pupils who have medical certification that they are unable to participate in a program or activity? (AS/CR 101, Item 6b)
- SEPARATE PROGRAMS: Does school system offer pregnant pupils or pupils recovering from childbirth any separate programs as a substitute for regular programs? (AS/CR 101, Item 7c)
- MANDATORY PROGRAMS: If separate programs are offered, is participation mandatory? (AS/CR 101, Item 6d).

Second, classroom data by subject code is displayed at the end of the report. It must be emphasized that this data represents a sample of classrooms surveyed in each school and does not represent total enrollment in a subject area for all schools surveyed. Data was obtained from the AS/CR 102 form, Item 7.

Tab C, a sample of which is given in Exhibit C, examines the area of school desegregation. The distribution of schools and minority students is examined as a function of the minority composition of the school and as a

15

function of the deviation of the school from the district composition. All percentages are based on the total number of schools surveyed and the total number of minority pupils in these schools (as given at the bottom of the report).

Referring to Exhibit C, under the column labelled "60-70" percent, a total of 72 schools or 5.3% (72 divided by 1350 X 100) of the schools surveyed were 60-70% minority. Of these 72 schools, 14 deviated from the district minority composition by only 0-5%, while 6 deviated from the district composition by 30-40%. The 14 schools in the 0-5% category enrolled 4,623 minority students or 1.5% (4,623 divided by 304,208 X 100) of all minority students surveyed.

By examining Tab C, one can determine the extent to which minorities are isolated in surveyed schools. Further examination reveals whether any such isolation is due to overall minority composition at the district or school assignments within the district. For example, schools with 99-100% minority composition and a 0-5% deviation are simply reflecting the high minority composition (94% or more) of the district. Schools with 99-100% minority composition and a 50-100% deviation, however, may reflect potential school assignment problems.

Tabs D, E, and F are all similar in that they examine minority/non-minority participation in various programs or activities as a function of the minority composition of the school. Sample pages from the tables are presented in Exhibits D, E, and F respectively. Referring to Exhibit D, Disciplinary Actions by Percent Minority Composition of School, there were 1,387 minorities and 1,326 non-minorities who were suspended from schools with a 20-40% minority composition. The minority participation rate was 112.0 meaning that, for every 1000 minorities enrolled in schools having a 20-40% minority composition, 112.0 were suspended. This compares to a 46.8 participation rate for non-minorities attending the same schools. Tab E presents the same information for gifted/talented programs while Tab F examines selected special education programs. In Tab F (see Exhibit F), the figures presented for "Total Special Education" represent totals for the five programs listed and do not include such programs as deaf/blind for which data was not collected by race/ethnicity.

Tab G addresses the issue of mainstreaming and the requirement to determine special education needs on an individual basis. Referring to Exhibit G, the final column indicates that there were 72 schools operating EMR programs for a total EMR enrollment of 419. Of these, 22 schools operated their program such that all EMR students in the school were enrolled in special education programs full-time (100% full-time). At the same time, 34 schools operated their EMR programs such that only 0-25% of the EMR students were enrolled in full-time special education programs. The first group of 22 schools enrolled 140 full-time EMR students while the second group of 34 schools enrolled 15 full-time EMR students.
